Manufacturer: Telcoline

Referention number: IO-PG-SCAPC-2M-G652-ESY

Full product description

Pigtail with G.652d fiber is a type of fiber optic cable of specified length, one-sidedly terminated by a connector (in this case SC/APC).
The outer coating is made of LSZH materials (a material that, during combustion - e.g. as a result of fire, emits a minimum amount of smoke and zero harmful gases). In addition, the coating was made in easy strip technique - it allows you to remove the coating without the use of tools designed for this task. This improves the user experience of the installer.
Pigtail is available in yellow.

SPECIFICATION

Technical parameters	
Type of fibre	G.652d
Length [m]	2
Diameter [mm]	0.9
Connector	SC/ACP
Minimum bending radius [mm]	10
Outer shell	LSZH (Low Smoke Zero Halogen) Easy strip Color: yellow
