Manufacturer: InterOpto

Referention number: IO-PG-SCAPC-2M-G657-ESY

### Full product description

**Pigtail with G.657 fiber** is a type of fiber optic cable of specified length, one-sidedly terminated by a connector (in this case SC/APC).

The outer coating is made of LSZH materials (a material that, during combustion - e.g. as a result of fire, emits a minimum amount of smoke and zero harmful gases). In addition, the coating was made in easy strip technique - it allows you to remove the coating without the use of tools designed for this task. This improves the user experience of the installer.

Pigtail is available in yellow or white.

### Specification

Technical parameters	
Type of fibre	G.657
Length [m]	2
Diameter [mm]	0.9
Connector	SC/ACP
Minimum bending radius [mm]	10
Outer shell	LSZH (Low Smoke Zero Halogen) Easy strip Color: yellow or white
