Manufacturer: Mantar

Referention number: MT-PSN-30/30/10

Full product description

Fiber optic wall cabinet installation and protection of fibre optic components. It cooperates with the infrastructure of the building (vertical) and is equipped with a closure in the form of a drum lock with a dedicated key. Linear cables can be inserted from both the top and bottom (2 blind holes on the top and 2 on the lower side, Ř38/29). Cabinet made of 1mm powder-coated sheet in RAL7035 (light grey).
It has space for a splitter (dedicated) and a weld tray cover with a commutation field for 18 adapters (SC Duplex)
